We understand how important it is for our customers to care for the environment and choose eco-friendly solutions.

That's why we offer sustainable materials that are perfect for notebook covers.

- **OCEAN**

Canvas woven from recycled plastic collected from oceans.

- **ECONATURAL**

Material made of 100% recycled leather.

- **JUTA, CORA**

A paper cover inspired by nature. Available with a canvas-like surface (Juta) or a smooth finish (Cora). FSC® certified.

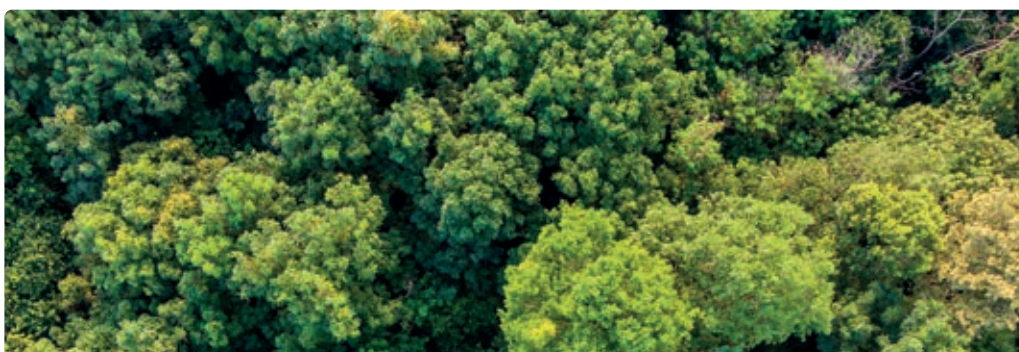

We are FSC® certified

Notebooks are printed on the highest quality paper, which holds not only the FSC® certification but also the **Cradle to Cradle Certified®** certification. The **FSC® (Forest Stewardship Council®)** is an organization responsible for the certification of forests as well as various wood and paper products. By choosing products marked with this label, you can be sure that the paper comes from FSC® controlled sources and that the wood used for its production was harvested with respect for the ecosystem balance.

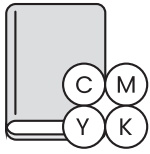

Cradle to Cradle Certified® is a globally recognized standard for safe and sustainable development. „Cradle to Cradle“ literally translates to „from cradle to cradle.“ The idea behind this certification is to promote products that, after use, can be recycled so that the resulting waste can be utilized in the next production process. The goal is to protect natural resources and reduce waste.

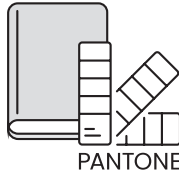

The mark of
responsible forestry

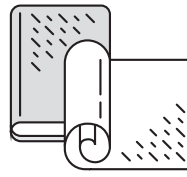

1. Select your material or printed cover:

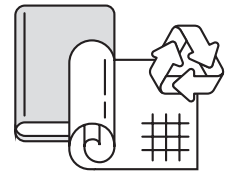

CMYK printed paper

PANTONE® match

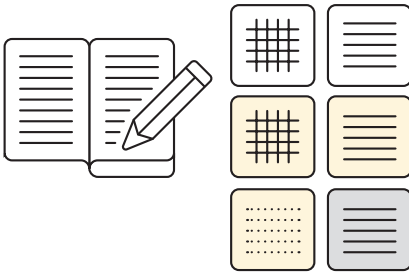

PU material

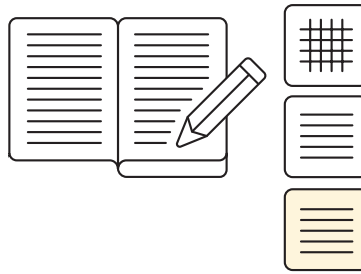

ECO materials

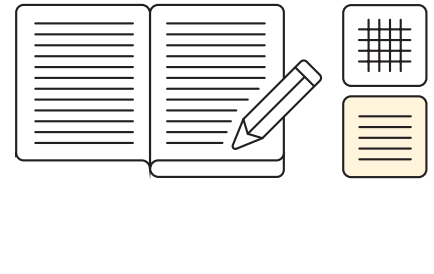

3. Select notebook block:

MEDIUM (A5)
130x208 mm

B5
169x240 mm

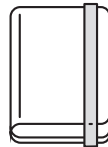

ca. A4
208x260 mm

4. Select extras:

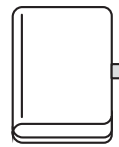

Ribbon

Color from standard palette or print customer's design

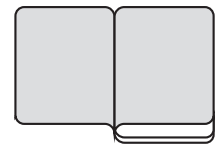

Elastic

Color from standard palette

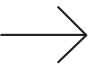

Pen loop

Color from standard palette

Endpaper

Color from standard palette or print customer's design

5. Select branding:

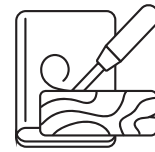

Embossing

Blind embossing or hot stamping with foil from standard colour palette

UV print

Printed and cured with UV light

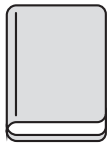

Wooden logo LD

Logo in any shape of wooden plate with engraving

2. Select cover type:

Padded cover

Hardcover, softened by foam, with a crease at the spine

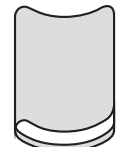

Hard cover

Hardcover with no foam or crease at the spine

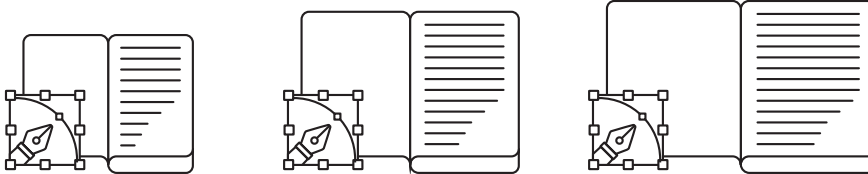

Semiflexi cover

Slightly flexible cover with no foam or crease at the spine

Flexi cover

Very flexible cover, no foam or creases on the spine

Bespoke / individual any format, print: 1+1 or 4+4

Paper pocket

Color from standard palette or print customer's design

Tip-in sheet

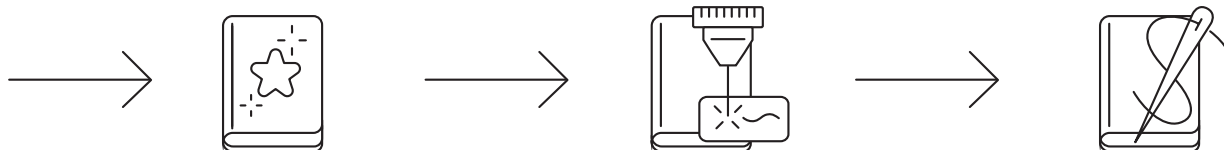

Additional sheet of paper printed with customer's design

Printed edges

Edge of the book block CMYK printed with customer's design

Growbook™

Decorative embossing or wooden slider with plant seeds

Metallized logo LM

Chrome metal logo available in silver or light gold

PG logo

Engraving on gold, silver, or black plate

Creative Stitching

From available sewing suggestions, or create new ones
